## Fish4Dogs

was founded in 2004 by husband and wife team, Jill and Robert Angell. Both worked for over 15 years as consultants in the seafood industry. Robert was responsible for buying and selling huge quantities of fish all over the world, buying from the Russian fleet and then selling to processing companies. Jill worked in marketing, predominantly in research and new product development looking at ways to use the parts of fish which humans do not eat. Only about 50% of each cod caught is eaten which ultimately leads to massive wastage that ends up in landfill sites. Appalled by this huge environmental waste when there was so much goodness left in the fish, Jill went on to research ways in which it could be used.

Seeing the health benefits of a fish diet in humans, Jill realised that the petfood market under-used fish as an ingredient in their products. She and her husband then went on to research the benefits of feeding fish to pets and together developed a range of complete foods and treats for both dogs and cats. Fish4Dogs believe that the better quality food you feed your pets, the healthier and happier they will be and this underpins the thinking behind their product range. Their major products for dogs include Sea Jerky, Sea Biscuits, Finest Fish, Finest Salmon 4 Dogs, Finest Salmon Mousse, Salmon Oil and Super Stars. They also offer Finest Fish 4 Puppies. If you would like to purchase these healthy treats for your dog they are available from all good pet shops or alternatively

visit [Fish4Dogs.com](http://Fish4Dogs.com) or telephone 01299 252352

## Competition

We will also be running a unique pet competition to give you a chance to win some treats for your pet. All you need to do is draw a picture of your favourite animal and send it through to us. Remember to include your name, address, age and contact number on the reverse of the sheet. We encourage applications from as many children as possible. Please return your picture to Lee Wood, MK Citizen, Napier Park, Mount Farm, Milton Keynes, MK1 1BU
